

ALL-IN -ONE

WIRELESS HEADSET MIC TRANSMITTER

HS-UBKT

All-In-One Mic/Transmitter

The HS-UBKT combines the freedom of wireless and the convenience of an all-in-one headset mic and wireless transmitter – in other words: no wires running from your headset microphone to a separate body pack! The lightweight, comfortable-to-wear HS-UBKT offers a unidirectional microphone element and features a built-in 5mW fixed-frequency transmitter bud powered by 1 AAA battery. The transmitter bud contains separate power and mute switches, adjustable gain control, and a low battery indicator. The HS-UBKT works great for aerobic instructors and active performers who don't want to worry about a body pack transmitter falling out of a pocket or off of a belt.

Flexible microphone stem allows for easy adjustment of the microphone's position as you wear the headset.

- Fixed frequency headset mic with transmitter
- Adjustable gain
- Hooks over both ears
- Flexible 5" boom for Easy Formation
- On/Off and Mute switch
- Low battery indicator
- Freq. Response: Uni..60Hz-16kHz
- Operates from 1 "AAA" Battery
- Choose frequency (L1 or L5)
- Battery life about 7 hours
- Windscreen

The HS-UBKT can be paired with either the PSERL or ECMRL receiver. Complete kits are available.

L1 CODE	CHANNEL
ECMR	1
PSER	1
L5 CODE	CHANNEL
ECMR	9
