PLAYING:

- This player accepts 12 cm discs such as CD, CD-R, CD-RW, VCD, DVD, MP3, CD-G disks as well as MP3 files from USB and SD / SDHC media. This unit does not accept CD-ROM / CD-I / CDV or computer CDs.
- This player will accept these formats: CD, MP3, VCD, DVD, JPG, CD-G, WMA and MPG.
- VCD, DVD, JPG, MPG and CD-G media will display on a video monitor connected to the VID OUT jack.
- Insert a disc into the slot with the playback side down. Playback starts automatically. Track number and playing time will be displayed.
- To pause playback, press PLAY/PAUSE or press  on the remote control,
- Press REV, F.WD, or   on the remote control, to select next or previous track number. CD player will continue playback while displaying selected tracks.
- To stop playback, press STOP or press  once on the remote control.
- Press FB, FF or   on the remote control, to activate fast forward or reverse until desired section is located.

A video monitor must be connected to the VID OUT jack, to access the on-screen menu, to play VCD, DVD, CD-G, MPG and JGP formats.

- For instructions pertaining to the video monitor itself, please refer to the manual provided with that product.
- A video monitor must be connected in order to operate the following functions on the remote control:

Note:

- *When inserting or removing a disk from the CD slot, please allow the CDMV to insert and return the disc automatically. Damage may result from pushing in or pulling out the disk by hand.*

SD / SDHC Card Slot

- Insert an SD or SDHC Card containing MP3 files into the SD slot in the faceplate, and push the card in fully to lock it in place. To remove the card, push the card in again to release it, and gently pull out the card. Do not use excessive force to remove the card or damage may result.

For other operations please see: **PLAYING** and **THE FUNCTIONS RESPECTIVELY ON THE REMOTE CONTROL.**

USB Input

- Insert a USB device (containing MP3 files) into the USB connector in the faceplate. For other operations please see: **PLAYING** and **THE FUNCTIONS RESPECTIVELY ON THE REMOTE CONTROL.**
